BEBUZEE USERS

Bebuzee's user base surged by 78% amidst the pandemic, with over 42 million new users.

PROBLEM

Frustration of switching between applications, hunting for information, and wasting precious time lost in a sea of icons.

SOLUTION

Opportunity: Provide various apps on one platform

Super apps are mobile apps that combine various applications to simplify daily tasks. In addition to addressing every user's needs in one place, Super Apps reduce the need to download numerous applications to perform various tasks.

COMPETITION

Bebuzee is the only social media platform to localize its contents for specific countries and also the only streaming service to offer movies, documentaries, series, talk shows and more at no cost to the viewer. Bebuzee has no competition.

MARKET

Super Apps Market Size Worth \$718.0 Billion by 2032: The Brainy Insights

Rapid lifestyles are expected to drive market growth, the rising demand for mobile apps, and changing spending patterns over the forecast period. Asia Pacific emerged as the most significant global super apps market, with a 39.2% market revenue share in 2022.

OUR OBJECTIVES

We want to give our users instant access to amazing entertainment no matter where they might be, or what they might be doing. We want our users to feel that they're at the heart of everything we do, every single day. We want our users to tell our story, not the other way around.

What is Bebuzee's distinguishing factor in comparison to other social media platforms?

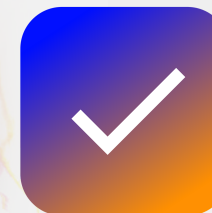

Local content. Movies, documentaries, series, talk shows not posted anywhere else, all from over fifty movie studios granting exclusive rights for a limited period of new release. Add new releases weekly from these producers.
